Module 400: *Students 2015*
Charter Board Policy for
University of Texas Elementary School

INTRODUCTION

The Model Board Policies for Charter Schools is a series of publications by the Texas Charter Schools Association (TCSA). These publications are an educational tool for charter school leaders to aid in the operation and management of open-enrollment charter schools in Texas.

Overall Policy Framework

Each module in the Board Policy Series provides a summary of federal and state statutes, regulations, and related materials applicable to open-enrollment charter schools. Citations to these materials are provided throughout the module and many contain a hyperlink so the actual statutory or regulatory provision can be accessed on the Internet. The summary is designated by the LEGAL AUTHORITY tab on the right edge of each page.

After the LEGAL AUTHORITY portion of the module are suggested model policies designed to comply with current statutory and regulatory requirements described in the summaries. These policies are designated by the red CHARTER BOARD POLICY tab on the right edge of each page.

These are suggested policies to address the requirements set forth in this Module. Prior to adoption of the model policies by the Board of a charter school, each policy should be customized by including the school's name and by tailoring the language, if appropriate, to fit the specific needs, culture and requirements of the school. TCSA recommends that the Board of a charter school consult with and obtain the advice of the school's legal counsel in connection with adopting policies to comply with laws governing charter schools.

TCSA plans to update the Model Board Policies for Charter Schools after each Texas Legislative Session to reflect changes in applicable laws and regulations. We encourage you to renew your subscription to the policy series after each update to ensure that your school has the most recent laws and regulations.

400.020. ADMISSIONS & ENROLLMENT

Pursuant to a delegation amendment to the UTES charter approved by the commissioner of education, the Management Board (“Board”) of UTES recommends the following policy, which shall be effective on the date that the policy is approved by the Vice President (“VP”) of UTES.

SECTION 1. Admissions

Section 1.1. Non-Discrimination Policy. UTES’s admissions and enrollment shall be free from discrimination based on sex, national origin, ethnicity, religion, disability, academic, artistic, athletic ability, or the district the child would otherwise attend under state law.

Section 1.2. Admission Application Deadline. UTES’s admission application period is from the first school day in January through the second Monday in April.

Section 1.4. Acceptance Procedure. The application period for student enrollment will be from the first school day in January through the second Monday in April of each school year. As part of its admissions policy UTES will conduct a lottery process. If there are more applications for admission than available positions in the school, names will be randomly selected using a lottery system. Student names that were not drawn will be placed in a “waiting list”.

If a vacancy arises, a name will be taken from the beginning of this list and that student will be offered the vacant position. This process will continue through the list, in numeric order, until a student accepts the slot. If no one accepts the vacant slot, then enrollments will be accepted on a first-come, first-served basis.

If the application deadline has passed, applications are accepted on a first-come, first-served basis if there is not a “waiting list” and there is not a vacant slot in the appropriate grade level. If there is a vacancy in the appropriate grade level, the student may enroll.

A notice of the application deadline will be placed in a newspaper of general circulation in the community in which the school is located. The notice must be published not later than seven calendar days before the application deadline and must include the date of the application deadline. We recruit students and families through Explore UT, Media Advisories, postings in local recreation centers and churches, word of mouth and through our sibling policy.

Students admitted to or attending and siblings of those students are exempted from the lottery. Siblings are given first opportunity for open slots, based first on admittance date of the enrolled sibling or, if necessary, application date of sibling.

SECTION 2. Enrollment

Section 2.1. Eligibility. The Superintendent or designee shall establish procedures that ensure that appropriate measures are taken to verify, on enrollment, that a student is entitled to enroll in UTES. Areas to be verified include, but are not limited to, a student’s proof of residency and eligible grade.

Section 2.2. Enrollment Documentation. Upon a student’s enrollment, the

Superintendent or designee shall ensure that a bona fide effort is made to secure all records and required documentation pertaining to the student.

Section 2.3. Establishing Identification. Any of the following documents are acceptable for proof of identification and age: birth certificate; adoption records.

Section 2.4. Transfer Enrollment. The University of Texas Elementary Charter School requests to include a “transfer policy” in its charter in accordance with the 19 TAC 00.1207 (e).

Once all eligible applicants who reside within the approved geographic boundary as defined in the charter application dated September 24, 2002 have submitted a timely application and have been enrolled, the charter school will accept transfer students from outside its geographic boundary assuming the maximum enrollment cap has not been reached. Transfer students will be accepted from the following school districts:

- Austin Independent School District
- Del Valle Independent School District

Section 2.5. Proof of Residency. A Proof of Residency must be supplied prior to the application being accepted. Additionally, a recent Proof of Residency is supplied at the end of each school year to maintain the student’s placement for the following school year. A Proof of Residency includes a parent/guardian’s name on one of the following:

- i. Electric bill
- ii. Official Texas lease

Section 2.5.1. Geographic Boundary. The geographic boundary served by the school will be East of Interstate Highway 35, South of U.S. Highway 290, west of U.S. Highway 183 and North of State Highway 71. Students applying to attend UTES must live in one of seven zip codes: 78702, 78721, 78722, 78723, 78724, 78741 or 78744.

Section 2.5.2. Declaration of Residency. A Declaration of Residency will be accepted if the family resides with another family member. The person whose name is on the Electric bill or Official Texas Lease must present themselves in the office with their ID and must complete the Declaration of Residency.

400.040. ATTENDANCE

Written objections shall be collected and maintained by the UTES Registrar.

SAMPLE LETTER
NOTIFICATION OF RIGHTS UNDER FERPA FOR ELEMENTARY SCHOOLS

The Family Educational Rights and Privacy Act ("FERPA") affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the UTES receives a request for access.

Parents or eligible students should submit to the Campus Clerk a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent, or eligible student, believes are inaccurate, misleading or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask UTES to amend a record should write the school Principal, clearly identify the part of the record they want changed and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the UTES Management Board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school district or charter school in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or

transfer.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by UTES to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

By law, “directory information” includes categories of information that are generally not considered harmful or an invasion of privacy if released. UTES has designated the following as directory information: student’s name, degrees, honors and awards received.

If you do not want UTES to disclose directory information from your education records without your prior written consent, you must notify UTES in writing by [insert date 10 school days after date of letter].

FERPA permits the disclosure of personally identifiable information (PII) from students’ education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student in the following circumstances:

- To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))
- To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student’s enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))
- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency in the parent or eligible student’s State (SEA). Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities

may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)

- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))
- To State and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a State statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released, subject to §99.38. (§99.31(a)(5))
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6))
- To accrediting organizations to carry out their accrediting functions. (§99.31(a)(7))
- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8))
- To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))
- To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(a)(10))
- Information the school has designated as "directory information" under §99.37. (§99.31(a)(11))

Section 6.2. Report to Board. Within the first four weeks of the first day of school, UTES LPAC shall determine and report to the Board the number of ELL students on each campus and shall classify each student according to the language in which the student possesses primary proficiency. Section 9.1. Preplacement Evaluation. UTES shall conduct an evaluation in accordance with the requirements of SECTION 9.2 and SECTION 9.3 of any student who, because of disability, needs or is believed to need special education or related services before taking any action with respect to the initial placement of the student in regular or special education and any subsequent significant change in placement.

Section 9.2. Parental Consent. In accordance with SECTION 10.1, the Section 504 Committee chairperson shall notify parents prior to any individual evaluation conducted to determine if their child has disabilities or to determine what educational or related services should be provided to the student. Parental consent shall be obtained before the initial student evaluation procedures for the identification, diagnosis, and prescription of specific education services.

Section 9.3. Evaluation Procedures. The Superintendent or designee shall establish standards and procedures for the evaluation and placement of students who, because of disability need or are believed to need special education or related services that ensure that:

- i. Tests and other evaluation materials have been validated for the specific purpose for which they are used and are administered by trained personnel in conformance with the instructions provided by their producer;
- ii. Tests and other evaluation materials include those tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient; and
- iii. Tests are selected and administered so as best to ensure that, when a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever other factor the test purports to measure, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure).

Section 9.4. Placement Procedures. In interpreting evaluation data and in making placement decisions, the Section 504 Committee shall:

- i. Draw upon information from a variety of sources, including aptitude and achievement tests, teacher recommendations, physical condition, social or cultural background, and adaptive behavior;

Section 9.5. Reevaluation. The Superintendent or designee shall establish procedures, in accordance with SECTION 9.3, for periodic reevaluation of students who have been provided special education and related services. The impartial hearing shall be conducted by a person who is knowledgeable about the issues involved in Section 504 and who is not employed by the school or related to a member of the Board in a degree that would be prohibited under state laws and rules relating to nepotism. - iii. Timeline. UTES shall conduct hearings within twenty (20) instructional days after it receives the request, unless the hearing officer grants an extension, and at a time and place reasonably convenient to you.
- iv. Appeal. If a parent or guardian is dissatisfied with the outcome of the hearing and requests an appeal, the parent or guardian must specify the objections in writing and file them with the Superintendent and the opposing party within twenty (20) instructional days of the date the hearing officer's decision is received. The Superintendent shall appoint an independent appeals officer to conduct a review of the record as a whole. The officer may, at his/her election, conduct the review with or without oral argument. Such review shall be conducted within twenty (20) instructional days of the receipt of the petition to review, unless either party

requests an extension of time.

Section 10.4. Complaint to Office of Civil Rights. Nothing in this policy shall be construed to deny the right of a parent or guardian to file a formal complaint with the Office of Civil Rights at the U.S. Department of Education.

The Superintendent or designee shall develop, implement, and monitor standardized procedures that will be utilized in obtaining information from a parent/legal guardian, as well as the child’s healthcare provider, upon registration and as soon as possible after a child is diagnosed with a food allergy that places him or her at risk for anaphylaxis.

Enrollment procedures shall include a request that a parent, or legal guardian, disclose to UTES whether his or her child has a food allergy or a severe food allergy that, in the judgment of the parent or legal guardian should be disclosed to UTES to enable the UTES to take any necessary precautions regarding the child’s safety. Such information shall be kept confidential according to law and maintained in accordance with law.

- ii. Parent Consent. The Superintendent’s designee shall ensure UTES documents

and keep current parent consent for medication administration (e.g. epinephrine).

Section 2.3. Food Allergy Action Plan, Emergency Care Plans, and Individualized Health Care Plans.

- i. Food Allergy Action Plan (FAAP)/Emergency Action Plan (EAP): The FAAP/EAP, developed by the healthcare provider in collaboration with the parents or legal guardians, provides information about the child's food allergy, outlines the care that the child will need in managing the food allergy, and outlines actions to be taken in case of an allergic reaction. The Superintendent or designee shall ensure that the parents and the student (when age appropriate) meet with the campus Principal to review the FAAP/EAP. This meeting should occur prior to the child attending school, after returning to school after an absence related to the diagnosis, and anytime there are changes to the student's FAAP/EAP.
- ii. Individualized Healthcare Plan ("IHP") & 504 Plans. The campus Principal will utilize the FAAP/EAP to develop and monitor an IHP which outlines day to day care for managing the student's food allergy. The Principal may facilitate the process of implementing the FAAP/EAP in coordination with the residential facility, if the student is in treatment, and the student's parent or guardian. Where legally required, the school will also develop a 504 Plan to address the health and learning needs of the student. The Superintendent or designee shall ensure compliance with relevant disability laws.

Section 2.4. Reducing the Risk of Exposure in the School Setting.

- i. Procedures. The Principal shall develop procedures that outline campus-wide, classroom-wide and individual strategies that are to be utilized for managing students with food allergies at-risk for anaphylaxis. In developing these procedures, consideration shall be given in promoting safety in the following areas, including, but not limited to: all classrooms, hallways, common areas in the school building, and during all school-sponsored activities, including field trips, athletic events, on-campus, off-campus, and before and after school activities.
- ii. Environmental Controls. The Principal shall develop and implement appropriate environmental controls to help minimize the risk of exposure to a food allergen. Environmental controls include, but are not limited to, consideration of the following:

- i. Training Schedule. The Superintendent shall establish a training schedule that ensures that, at a minimum annually, all school staff are trained to recognize and manage a life threatening anaphylactic reaction. The training schedule may implement a tiered approach including an “awareness training” for all staff and a more “comprehensive training” for the Principal and school staff members that will be responsible for the care of individual students.
- ii. Awareness training. Awareness training is intended to give an overview of food allergies and anaphylaxis including the signs and symptoms of an allergic reaction, as well as treatment of anaphylaxis. At a minimum the training must include information about the most common food allergens, the hazards related to the use of food for instructional purposes and the importance of environmental controls in protecting the health of students at risk for food allergy related to anaphylaxis. Additionally, the training must provide information about how to respond when a child exhibits the signs and symptoms of an allergic reaction to food, provide information on implementing the FAAP/EAP, including the skills needed in administration of epinephrine, and notifying the local EMS utilizing the school’s emergency response policy and procedures.

- iii. Comprehensive training. Comprehensive training, at a minimum, should include

training on: identifying students at-risk for anaphylaxis and planning for students that do not have epinephrine at school; the signs and symptoms of anaphylaxis; implementing FAAPs/EAPs; the administration and storage of epinephrine; development and implementation of IHPs/504 Plans; communication procedures for initiating emergency protocols, including substitute staff; environmental control measures, to reduce the risk of exposure to a food allergen, including safe food handling, hand washing, and cleaning procedures; working with local EMS; and post-anaphylaxis debriefing and monitoring of the food allergy management plans on the campus.

- ii. Review accurate and updated information on the allergic reaction including any new medication(s) which would require new consent forms to be signed by the parents.
- iii. Identify and interview those who were involved in the emergency care of the student and those that witnessed the event.
- iv. Meet with school staff to review the implementation of procedures.
- v. Review of the FAAP/EAP, IHP, and/or 504 Plan and amend to address any changes that were made by the student's healthcare provider.

Section 1.4. Due Process. Charter schools have considerable autonomy in the development for discipline programs with a few important exceptions. Procedures for the use of time-out, seclusion and restraint, as well as the requirements for gun-free, alcohol and drug free schools, are clearly delineated in 19 TAC 89-1053.

UTES shall perform due process in the case of expulsion from school. UTES shall provide an opportunity for students and their parents to be heard, and shall provide written notice of the charges and proposed sanctions, including a written invitation for the student’s parent/guardian to attend the expulsion hearing.
